

At The Same Time  
(J. Scaturro)

Is it possible to believe what I'm seeing  
If it's possible then I think I just met an angel  
Am I dreaming or are you looking for me  
Is this possible, I've been looking for you too

Oh, at the same time.

Is it possible that you're thinking what I'm thinking  
It is possible we are falling out of control  
Am I dreaming or am I coming home  
If it's possible then I think this might be forever

Is it possible that we began to unravel  
Is it possible that forever has an end

Oh, at the same time

It is possible that you never were my angel  
I stopped dreaming now I'm never coming home

Oh, at the same time  
Never coming home
