

Invisible
(J. Scaturro)

I don't have to see you to believe
You know everything I think and what it means
I can feel your changing shape and energy
If I listen I think I can hear you breathe

There is just one thing that I don't see
It's a detail such a tiny thing
I'm forever left wondering
Tell me

Why do you have to be invisible

Told a desperate man that things would change
The worry in his eyes and all the pain
I promised you would come and rearrange
He laughed and said you were the one to blame

There is just one thing that I don't see
It's a detail such a tiny thing
I'm left forever wondering
Tell me

Why do you have to be invisible
